Al. Jana Nowaka Jeziorańskiego 1, 44-164 Kleszczów, Polen

Kleszczów, 25/10/2013

### **Letter of Recommendation**

In the period between 10-10-2013 and 23-10-2013, FOMACH carried out relocation of pressure feed system, including: transport of two silos (13m high, 3 m in diameter) from Germany to Poland, assembly works in Gliwice, including:

- disassembly of feed and control infrastructure
- assembly of new material in-take systems
- assembly of new control system
- assembly of new pneumatic system

When performing the above-mentioned works FOMACH demonstrated reliability and very good work organisation.

Adequate coordination and organisational skills as well as well-qualified staff of FOMACH significantly contributed to successful relocation.

Relocation Project Manager
